Frezzi Captures the Excitement at American Idol Finals

Hawthorne, NJ – While the battle was on for the number one spot for the title of American Idol Frezzi was on hand to provide camera operators with a steady shot. Frezzi's Stable-Cam™ Support System offers a fully adjustable camera support system while providing a comfortable and stable feel. Stable-Cam balances on three body parts making a natural body extension while powering the light and camera from one system.

Features over-the-crowd shooting positions with adjustable Hip-Grip.

Fully adjustable camera positions to suit all body types

Ability to remove hands from camera

Power camera and light from same battery

3 battery bracket options

Two mounting shoes

Removable Stable-Grip

Frezzi offers a complete line of high quality lighting ranging from advanced mini-HD/DV lighting kits available in quartz and HMI lights to high capacity batteries, chargers, power supplies and Pan and Tilt robotic camera controls for the professional broadcaster and videographer with award-winning technology. Frezzi has been manufacturing portable lighting and power products for the news media industry, both film and video for over 70 years. Frezzi Energy Systems is a division of Frezzolini Electronics Inc
